## External Conditions and Paths for the Sustainable Development of Confucius Institutes Case Study of UK

LIU Cheng

School of International Education South China University of Technology  
Guangzhou University Town Guangzhou 510006 China

**Abstract** The author argues by interviewing eight Chinese Directors of Confucius Institutes (CIs) in UK that the development of the CIs should be sustainable and it includes appropriate external conditions and paths. China's sustained economic development dealing with domestic and international opposition voices of the Confucius Institutes crossing cultural barriers etc. provide the external conditions. The paths of the sustainable development of the CIs could include long-term development plan institutional improvement and research etc.

**Key words** Confucius Institutes Chinese Directors Sustainable development External conditions and paths
