## **A Survey on Language situation of teenagers of Chinese origin in Medan of Indonesia**

ZHENG Jun

School of Humanities Lingnan Normal University Zhanjiang 524048 China

**Abstract** This paper investigates language situation of teenagers of Chinese origin in Medan of Indonesia using the method of social linguistics. It concludes that along with the dissemination of the Chinese language in Medan of Indonesia teenagers of Chinese origin using Chinese go up slowly but the use of Chinese dialects does not appear to decline significantly and in a period of time will remain strong using.

**Key words** Medan of Indonesia teenagers of Chinese origin language situation
